

INFORMATIONS FOR PASSENGERS FROM CHINA

You are returning from an area where there is significant circulation of SARS-CoV-2, please observe the following recommendations:

UPON ARRIVAL, you can be randomly tested for COVID-19.

- **Wear a mask at the airport and on public transport** you will use to get to your place of residence (public transport, cab...).

DURING YOUR STAY

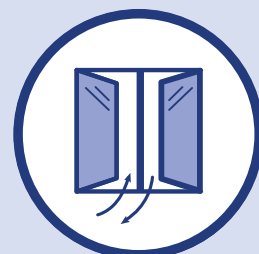

- **Follow preventive measures**, especially in public transport and other closed and/or poorly ventilated places (theaters, cinemas, museums...).
- **In case of any symptoms:**
 - **Get tested immediately** (RT-PCR test) by reporting your stay in China;
 - **Limite all contact with others: strictly respect to safety and hygiene measures;**
 - **Isolate yourself immediately in case of a positive test;**
 - **If you have difficulty breathing, call immediately 15** (**114** for the hearing impaired).

**WEAR A CATEGORY 1
SURGICAL MASK**
in crowded or poorly
ventilated locations

**REGULARY WASH
YOUR HANDS**

AIR ROOMS
as often
as possible

GET TESTED
in case of any
symptoms
